

3D-ultimate^{pro}

The **ultimate** upgrade opportunity

One machine
Multiple treatments

Introducing the all new medical grade **3D-lipo ultimatepro!** Manufactured under stringent ISO13485 standards, our game changing device offers a range of exciting new features that will consolidate our status as the **UK's No.1** body contouring brand!

Latest Features

- Ergonomic cavitation head using latest 40KHz technology. Improved results and client comfort.
- Variable temperature cryo to -10°C digitally controlled on the handpiece. Greater % fat cell destruction and ease of use for operators.
- Pin point temperature control on cryo due to latest thermostatic safety control. Safety and consistency of results assured!
- Medical grade silicone cryo handsets ensuring client comfort and durability.
- Radio frequency incorporating vacuum. Improving contact and lymphatic drainage benefits.
- Improved comfort grip on Shockwave handpiece.
- Robust connector points and tidy wire/rack design.
- New improved Cavitation handpiece covering a larger surface area, providing a more focused application.

Our **NEW** Medical grade 3D-lipo ultimatepro has been designed to significantly improve results through specification upgrade in addition to offering an enhanced improvement in both operator and client experience. Nothing compares!

Exclusive offer available only to 3D-lipo customers

- Option to trade in against current device.
- 3D-lipo Ltd settle existing lease with no penalties incurred.
- 3 Year warranty saving up to £3,500.00.
